

LOCAL INTELLIGENCE.

INDIAN ATTACK UPON J. J. GIBSON AND JOSEPH MEYER.—From John Timmons, who rode to town from Lerty's ranch, on Lynx Creek, yesterday afternoon, we learn that, as Messrs. Melvin and Gibson were on their way from Prescott to the Rio Verde, yesterday morning, they were attacked by a party of Apache-Mohave Indians, at a point near Ash Creek, when Mr. Gibson was severely, if not fatally wounded, and Mr. Melvin was shot in the leg. The wounded men are now at Lerty's ranch. Gibson was shot in the body, and his recovery is doubtful.

The "friendly" Apache-Mohaves have a queer way of showing their friendship for the whites. In addition to their murderous attempt to take the lives of Messrs. Gibson and Melvin, they recently tried to capture the mules belonging to Mr. Chapman, while the train was encamped at the Glencora, on the road leading from Prescott to Camp Lincoln, on the Rio Verde. The second mule killed and wounded others. Will Governor McCormick and Superintendent Dent make a note of this, before arresting white citizens for retreating on the murderous red dogs?

Mr. THOS. MOONEY, a good baker, lately of Capt. Sam's Army, has purchased one-half interest in the shop and business of Wm. Felt, baker, on Montezuma street. The price paid by him was \$1,000.

SOLD OUT.—Jas. D. Monihon has sold his interest in the Plaza Feed and Livery Stable to Messrs. Brooke & Lynn, old citizens of Lynx Creek. We bespeak for the new firm a liberal share of public patronage, and can safely recommend them to the community as men of honor and integrity.

MANNASSE & GOLDWATER.—We call attention to the advertisement of this new Wickenburg firm, which appears in to-day's paper. Their stock of groceries, provisions, clothing, etc., is now large, and has been selected especially to suit the trade of this part of the Territory. Both gentlemen are well known Arizonians and "deserve well of their countrymen." They hold forth at Gray & Co's old stand.

ONE FROM BIG BAG.—Bliss's pack-train passed through town Thursday last, bound for the Sterling mill, with sulphur ore from the Galena mine in Big Bag District. Mr. Wunderlich accompanied the train to Big Bag and back.

CHASE.—Mr. Noyes informs us that the tunnel in this mine was in 190 feet on Saturday last. Anderson and Bente, who have run this tunnel, have had a hard job of it for the last hundred feet, the rock being hard and the water pretty hot.

WILLOW CREEK SAW-MILL.—John A. Rush, one of the proprietors of the new saw-mill on Willow Creek, about four miles west from Prescott, called upon us on Thursday last, and informed us that the mill was completed and running. The company has put down the price of lumber as will be seen by their advertisement in another column.

MESSRS. FRENCH & TURNER are at work on the Tie-Tie lode, Walker's District, taking out ore.

FROM TURKEY CREEK.—Jas. D. Monihon and Jas. Flannigan, arrived here from the Bully Bueno mill, Turkey Creek District, Thursday evening. Mr. Monihon, who carries the mail, called upon us after his return, and in lieu of greater news, informed us that until Wednesday night last, corn and barley remained green at the Bully Bueno and Chase mines, although both localities are away up in the clouds—almost. He also bragged on the size of a cabbage head he saw at the Bully Bueno, which weighed thirty pounds.

CAPT. WEIR, 14th U. S. Infantry, who formerly commanded Camp McPherson, in this county, but who recently visited California on leave of absence, is, we are informed, on his way back to the Territory, to take command of Fort Grant, on the San Pedro, in Pima county.

LIEUT. JAS. A. REICHMAN, Mr. Sparks and some soldiers arrived here from McPherson Saturday last. We regret to learn that the Lieutenant is now sick with the fever at Fort Whipple.

DR. F. P. HOWARD has recovered his health and goes back to Wickenburg, his field of duty. The doctor has had a hard time of it, and we hope he will now have a long spell of well-being.

SEARCHING.—Corn-Shellers. We mean the metallic ones. Farmers complain greatly about our merchants for not having a supply of them on hand.

FRANKLIN HAMMOND was in town the other day with a small pack-train of desiccated vegetables, raised and desiccated by him at the Bully Bueno. Friend Hammond is dead out on gardening as well as mining.

DAVID AND CHARLEY TAYLOR have been among the mountains, hunting, and, as usual, corralled several deer, which they brought to town recently.

DR. McCASPER has got back from California, whether he went a short time ago to appear before the Medical Retiring Board. It will be remembered that last spring, at the Agua Fria Ranch, while the Doctor was in the act of firing a Henry rifle, the cartridge exploded, injuring, greatly, the sight of both his eyes. At the time he was in the service of the United States, and as his eyesight is ruined forever, Government should do something for him.

JENCKE W. T. FLOWER left Prescott, Saturday last, for the Colorado River. While in this vicinity, the Judge took a great fancy to the Valenciana lode, at Black Canyon, and it is more than probable he may return here soon, prepared to work it.

A. H. PERLES of Wickenburg, who spent the greater part of this week among his numerous friends in Prescott, informed us while here, for he has since gone back to his home, that, notwithstanding the sickness that has visited Wickenburg the past season, the town always kept going ahead, and all that Wickenburg and the surrounding country needed to make them

more prosperous, is more farmers, to settle upon the rich valleys of the Hassayampa, and raise grain and vegetables. In our rambles down Granite Creek, we met him at Mr. Farrington's, and went out into the fields with him. Upon beholding Farrington's huge Irish potatoes and other vegetables, he appeared highly delighted and said that hundreds of bushels of them could be sold readily at Wickenburg. Our farmers should take the hint, and ship a lot of Murphys down there. Mr. Perles is having an adobe house, size 52x20, built for a wholesale liquor warehouse. It will be well fitted up and roofed with shingles. Recently he has had brought from California two No. 1 Billiard tables—one of which he has set up in the old saloon, which is now engineered by that amiable mountaineer, Tom Hodges.

MOVEMENTS OF FREIGHT TRAINS.—The freight train of John A. Chenoweth and Campbell & Buffum, arrived here early in the week, from La Paz. The train of Campbell & Buffum brought goods for their store at this place; that of Mr. Chenoweth was freighted mainly for Government. By it, Allen & White received some groceries and provisions. . . . Thomas Matthews' train, of four wagons, arrived on Sunday, from San Bernardino, with chemicals, machinery, etc., for Mr. Brger. Mr. Chapman's train has been, and is, engaged in hauling to the Sterling. The trains of Messrs. Beach and Miller are expected here shortly, from La Paz, with merchandise, iron pipes, etc.

DISTRICT COURT.—Chief Justice Turner commenced the October session of this court in this place, on Monday last. The first case called upon was that of O. S. Fredericks vs. Bowers Bros. This suit was instituted by plaintiff for the purpose of ejecting the defendants from a mill site on Granite Creek, above Prescott, which the plaintiff claimed as belonging to his ranch claim. We were not present at the trial, and consequently know very little about it, except from hearsay. As far as we can learn, the counsel for the plaintiff, Chief Justice Turner and Judge Howard, and defendant's counsel, Captain J. P. Hargrave and Judge Rush, had several sharp encounters, with their mouths, and much bad blood was in circulation among partisans of the litigants. We have not time this week to branch out upon this trial, but may do so next. It ended in a verdict for the plaintiff, but we doubt not, the defendants will take an appeal.

MR. J. B. DOWLEY, who segregated himself from Prescott some time since, has returned here and talks of taking root in this section.

MEXICANS.—In early days, hundreds of Mexicans were to be found in this vicinity, but when the Indians became bad and the light surface diggings adjacent to Prescott were exhausted by them, they cut stick for the lower country. We now see scores of them back again, which goes to show that times here are improving. They work on ranches, in mines, everywhere, and earn more money in one month than they could earn in Sonora in a whole year. They dress well to, and appear to get along first rate with our people.

DURING the week, our town was filled with rancheros and miners, most of whom came here by request of the Sheriff, to attend upon Court as jurymen and witnesses. A good deal of solid growling was indulged in by many of them, for being compelled to leave their homes just now—when corn has to be cut and gathered. We do not blame them for grumbling, as every day spent here by them now, sets them back greatly in more ways than one.

GOSE TO CALIFORNIA.—A week ago to-day, Messrs. L. C. Gray and D. Henderson, two of our most enterprising, accommodating and ablest business men left Prescott for California, to attend to business of their respective firms as well as to try and advance the interests of the Territory. No firm has labored harder or spent more money to develop the resources of this section of the Territory than that of Gray & Co. Indeed, himself and partner, Mr. C. E. Hitecock, of San Francisco, have spent a fortune in erecting a mill and prospecting lodes in Big Bag District, and unless all signs fall, ere long the money spent by them in this praiseworthy way, will soon flow back to them out of the rich sulphurates of the "Galena" and "Eugene" mines. Mr. Henderson, although not having resided long in the Territory, nor yet engaged in mining, has shown his faith in the country by investing thousands of dollars in goods and sending them here. We know him to have the best interests of the Territory at heart; and believe he will labor to subvert them in the Golden State. We wish both gentlemen a safe and pleasant journey, and hope they may be the means of inducing capital and labor to come this way.

HENRY W. FERRY is now owner of the Lamson Mill, at Walker's, he having purchased the entire concern at Sheriff's sale. It is his intention to fit it up and run it as a custom mill. We understand that he is also negotiating with Jas. Grant for the Eureka Ton Stamp Mill in same district. Go in, Mr. Ferry. Pluck will win, and you are investing in the right place.

A possessory title to an unimproved ranch on the Lower Agua Fria, sold here the other day for \$90.

MAILS.—Our California mail comes and goes with great regularity. Mr. Ferris arrived here about four o'clock, Tuesday afternoon, with lots of letters and papers. Mr. Cory took the mail out early Wednesday morning and returned here at about half past 3 o'clock yesterday afternoon.

RELIGIOUS SERVICES.—Captain E. D. Baker will read a sermon, Sunday next, in the Court House, at 3 o'clock p. m.

Twenty-one immigrants are on their way from Wickenburg to Prescott. So we learn from Mr. Cory, who passed them on the trail.

LEGAL TENDERS are on the rise. The San Francisco *Examiner* of October 7th, quotes them at 71½¢.

THE NEWS.—Old Connecticut is true to the faith that is in her. At the recent town elections the State went Democratic by about five thousand majority.

Republicans of Butler's district, in Massachusetts, who do not like Benjamin, have nominated Richard H. Dana, Jr., to run against him.

W. F. Ritchie, former editor of the Richmond *Engineer*, died at Baltimore, recently. Arms were being shipped South for the negroes.

In Spain the Revolutionists were everywhere victorious. They talked of starting a Republic.

THE LATEST.—By yesterday evening's mail we received San Francisco papers of the 9th. From them we learn that a riot had taken place in New Orleans, in which many negroes were killed, and the office of the *Progress*, a Radical paper, gutted. . . . A Democratic procession, ten miles long, and consisting of 39,000 people appeared in the streets of New York on the evening of the 5th inst. . . . The Governor of Alabama has signed the Registration bill. . . . It is rumored that Chase has come out for Grant and Colfax. . . . Sherman wants more troops to fight the Indians. . . . The Revolutionists, in Spain, have formed a government.

GREAT REDUCTION IN PRICES OF LUMBER, At the New Saw-Mill!

THE WILLOW CREEK SAW-MILL COMPANY announces that their MILL, situated on
WILLOW CREEK,

Four Miles West from Prescott is now complete and running, and that, being located in the midst of an extensive forest of good pine timber, they are enabled to make and sell all sorts of lumber for from \$15 to \$20 per thousand less than prices heretofore charged. For instance, we sell as good timber as has heretofore sold for \$60, for \$45, and other qualities at same rate of reduction.
Good roads to and from the mill.

NERVOUS AFFECTIONS.

THE SHAPES OF THE CLOUDS AND the trees do not differ more widely than the forms of nervous disease. Sometimes both the mind and the body are affected, sometimes the body alone, and often the complaint is confined to a single member. In one class of cases the motive nerves alone are disordered, as in St. Vitus' Dance; in another class the nerves of sensation only are attacked, as in neuralgia, the douloureux, toothache, earache, &c. Pain is, in fact, the immediate consequence of a disturbed condition of the nervous system; for only through the delicate fibres of which it is composed can pain be experienced. Tremors, hysteria; and most of the unpleasant feelings usually included under the head of nervousness, arise from the weakness of these sensitive threads which pervade every part of the animal structure and have their source in the fountain head of all sensation—the brain. The tonic action of

Hostetter's Bitters

is of vast service in cases of this kind. Nervous headache, ordinary headache, neuralgic pains and every variety of spasmodic torture, are quickly alleviated by the use of the preparation which at once braces and tranquilizes the nerves. Persons with a lymphatic temperament and feeble organization are especially subject to these complaints, and should take the Bitters daily, as an invigorant. Ladies will derive great benefit from them in all the peculiar physical and mental disturbances to which, as a sex, they are subject. Asafoetida, valerian, and the other nervines usually prescribed for these affections, at best merely alleviate them for the time being; but the Bitters are a permanent invigorant, and their value as a remedy for every phase of nervousness is beyond all estimate.

Constitutional Weakness.

It is a great thing to have a sound and vigorous constitution. There is nothing that money can buy comparable in value to this best gift of nature. The difference between the individual who has it and the unfortunate who has it not, is just the difference between the man who goes into the battle clothed in defensive armor and one who has nothing to oppose the sword and bullet, but his naked breast. "The position that walketh in darkness; the sickness that destroyeth at noon-day," while it lays low the man of feeble stamina, is often conquered by the native strength of what is called an "iron constitution."

Heaven, however, has not endowed even a moiety of mankind with this inestimable blessing, and therefore it behooves those who have it not, to resort to those most efficient means of constitutional invigoration which science can supply. There is good warrant for asserting that

Hostetter's Bitters

are admirably adapted to promote this end. Other tonics have their drawbacks. The concentrated extract of poisonous vegetable substances, which within the last few years have been introduced into the practice of medicine as invigorants, are all extremely dangerous. Prussic acid and strychnine, though often given as strengthening medicines, are not safe even in the diminutive doses; and quinine disastrously effects the nerves and the bones. But in

Hostetter's Bitters

there is positively nothing that is not healthful and wholesome. They contain no ingredient which by any process could be converted into an active poison, and yet as a constitutional stimulant are infinitely preferable to any of the sulphates and acetates which have been recently added to the materia medica. The

Government Countersign.

The countersign of Hostetter's Stomach Bitters is now a somewhat more serious as well as difficult business than it was a few years ago, each bottle of the genuine article being authenticated by the official indorsement of the United States Revenue department in the form of a stamp engraved on steel, to counterfeit which is a felony. See, therefore, that this Government Countersign, as well as the engraved label and note of hand of the proprietors, is attached to the bottle. The label is embellished with a superb representation of St. George on horseback, in the act of spearing the Dragon, and underneath is a shield or escutcheon, bearing a warning inscription, which counterfeiters are advised to read before they encounter the penalty which is set forth. Below this again is Hostetter & Smith's note of hand, the signature of which it would be rather a serious business to forge. If the public will look to these verifications of the genuineness of the article before they purchase, they cannot be deceived. The proprietary label and Government stamp are both executed on steel in the most elaborate style of bank-note engraving, and are probably the most expensive specimen of graphic art ever attached to any medical preparation.
